Are you Ready?Von Anna SalamatinThis installment flows smoothly into the action from the first one, which left us with Jake not only face to face with the daughter he didn't even know about, but with the news she brings that Janel has been taken by Gamalu Hursha.We open with Janel being tortured and apparently it's been going on 6 months now with no rescue in sight.Princess Tecka (aka..EJ) is just hearing about capture of her best Captain and friend and is all about planning a rescue, and along with her brother Prnce Cresta, Moren, Jake and other loyal beings, they do just that.So, well, see, here's the thing (LOL).....Nothing goes as planned, twists, turns and surprises abound.....The action is non

stop, the shock and awe is exactly what Margaret Taylor's MO is all about and she doesn't disappoint!The characters continue to develop throughout the story and new players are developing as they join the fray. All with enough in depth detailing to bring them alive, front and center for this incredible adventure that exceeds the realm of traditional science fiction and gives a whole new meaning to what a " soul mate " truly is.Above and beyond it all, this is a love story. A story of redemption. A story of rediscovery. A Tale that takes you through a universe of possibilities. Anything, nothing,and evrything can happen.I recommend this to anyone who believes their ready.....are you ready?
