Von Michael Robotham : Say You're Sorry (Joe O'loughlin Book 6) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Say You're Sorry (Joe O'loughlin Book 6) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 3 von 3 Kunden fanden die folgende Rezension hilfreich. Mein erster Robotham - Toller Schreibstil. Kurz, knackig Von Dennis Mhlenstdt Den vielen Lobeshymnen möchte ich mich

anschiessen aber, fr mich als Leser meines ersten Michael Robotham, noch extra ein Wort zu dem Erzhlstil hinterlassen. Die kurze und knappen Stze machen das Buch schnell, beschleunigen den Handlungsverlauf, was gerade bei einem Thriller super passt! Fr mich toll zu lesen und die Charaktere haben mir Lust auf mehr gemacht... 1 von 1 Kunden fanden die folgende Rezension hilfreich. Spannend, aber mit Lngen - dreieinhalb Sterne Von dieleseratz Vor mittlerweile gut 4 Jahren las ich den Thriller "Shatter", in dem unser an Parkinson erkrankter Held auch schon die Hauptrolle fhrte. Damals gefiel mir die Story nicht besonders "zu brutal und verstrend, zu trist und grau" war mein Urteil - ich gab nur zwei Sterne. Dieser Folgethriller gefiel mir schon um einiges besser: Der Psychologe gut ausgearbeitet und glaubhaft, die Todesangst der beiden Mdchen, die drei Jahre von einem mysterisen "George" festgehalten werden, ist sprbar - man lebt und leidet mit. Leider jedoch hat das Buch gewaltige Lngen - 50 Seiten weniger wren es diesem Fall mehr geworden, so aber zog sich die ganze Ermittlungsarbeit schon etwas ermndend in die Lnge. Jedoch sprachlich und auch von der Geschichte her ein wirklich guter Thriller, der durch diverse Twists and Turns immer wieder zu berraschen wei. Fazit: Empfehlenswert! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Recommendable Von FrauGI enjoyed this very much - not 5 star much - but still. The ending was a little rushed and the middle was a little too long but apart from that... I'll certainly be looking out for this author. The writing is intelligent and the plot well thought out although if you're looking for a kidnapping where the kidnappee (if that's a word) is kept for years then I would really suggest you read "Mercy" by Jussi Adler-Oslen. However, I don't want to put you off "Say you're Sorry" - it's a good read.

Kurzbeschreibung My name is Piper Hadley and I went missing on the last Saturday of the summer holidays three years ago. When Piper and her friend Tash disappeared, there was a huge police search, but they were never found. Now Tash, reaching breaking point at the abuse their captor has inflicted on them, has escaped, promising to come back for Piper. Clinical psychologist Joe O'Loughlin and his stalwart companion, ex-cop Vincent Ruiz, force the police to re-open the case after Joe is called in to assess the possible killer of a couple in their own home and finds a connection to the missing girls. But they are racing against time to save Piper from someone with an evil, calculating and twisted mind. Pressestimmen Never-lets-up suspense and beautiful writing (Stephen King) There is non-stop action and incident, and a climax that is hard to predict (Daily Mail) The story builds to a stunning climax. Highly recommended (Mystery People) The latest episode in his outstanding series featuring clinical psychologist Joe O'Loughlin (Daily Record) The combination of convincing characters, psychological expertise and a neatly-constructed plot makes this an outstandingly good crime novel. It is also an interesting example of the power of restraint and allusion . . . Robotham's story is all the more powerful for its understatement (Literary) After seven previous nail-biting thrillers, few British writers can ramp up the tension as skilfully as Robotham. A winner (Irish Independent) Werbetext The chilling new psychological thriller - a truly gripping read from one of the most brilliant crime authors of today
