Von Julia Byrne : Scandal And Miss Smith (Mills Boon Historical) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scandal And Miss Smith (Mills Boon Historical):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A wonderful book.Von Ein Kunde"Scandal and Miss Smith" is an entertaining, humorous, and in my opinion truly wonderful book. Cast off by his titled, wealthy family for a crime he didn't commit, Sebastian Deverell was forced to leave England at a young age. After making a fortune in India and earning his own title he came back -- and he wants nothing to do with the family that treated him so abominably. Phoebe Smith is the governess to Sebastian's orphaned nieces and nephew and after two years of putting up with their antics she feels they need a stronger hand, preferably that of their uncle. And although Sebastian has no intention of being saddled with three adolescents he barely knows,

he is intrigued enough by the lovely Phoebe to agree. This is a common enough premise for a regency, but it blossoms into a delightful story. Although outwardly cold and selfish, Sebastian is never cruel. It is a delight to watch him fall in love with Phoebe, while his growing possessiveness leads to many humorous episodes. Also, Sebastian's protection of her is unconditional and Phoebe, still haunted by a secret scandal in her past, is in dire need of a protector. All in all, I can only say that I simply loved this book. The secondary characters have distinct personalities instead of being mere cardboard cutouts, the villain is not a stereotypical one, and the relationship is believable and sweet while developing at a perfect pace.

KurzbeschreibungPHOEBE WAS JUST A GOVERNESS But now she was too old for governess duties, and after coping with the Deverell brood, she'd had enough! She was determined the Deverells' uncle Sebastian would honor his obligations, but their first meeting was not auspicious. Phoebe was both shocked and fascinated when she understood that Sebastian believed she was offering herself as his mistress, and for one awful moment she actually contemplated herself in that role! Certainly, given her past, there was no hope of marriage, even if Sebastian did show no inclination to let her go.
