Is Ryker Going To Pay?Von Ingrid Stephanie Jordan100 Stars 10Title: Scent of MadnessMurder in Los LobosBlack Hills WolvesAuthor: Heather LongReviewer: Stephanie JordanYou know I just realized when I received this book I had to

read it right away, I mean of course I had to I'd already read the first three books of "Murder in Los Lobos" I had to finish it then when I was done I literally started crying. The end was so emotional (You'd think I was pregnant, God forbid) not only was I crying for what was happening but I cried because it was the end of Murder in Los Lobos. Yes I'm speechless what can I say but Yes I triple recommend this book, these books, they are not only phenomenal, but fantastic too. Lots of things are happening Ryker is going crazy trying to find the killer already to many have died with not one clue. He needs to protect his stubborn mate. But in order to find the killer someone else has to protect Saha and Ryker only trusted Drew and Gee. Alpha Drew is still in a coma, what are they going to do if he doesn't wake up? I was gifted this ARC for an honest and truthful review. MUST READ-SPECTACULAR SIZZLING ROMANCE Von midniteink SCENT OF MADNESS-BLACK HILLS WOLVES (MURDER IN LOS LOBOS)-AN ENTHRALLING SUSPENSEFUL ROMANTIC STORY. This story focuses on; RYKER, heart-stirring handsome powerful wolf-shifter and Enforcer of the Black Hills Wolves; SAJA, a sultry, intelligent beautiful human and Ryker's mate. What you'll find in this story; a cast of remarkably impressive and engaging characters, fantastic story-line, powerful vivid scene descriptions, superb banter, camaraderie, gripping suspense, emotions spiral, heart-rending moments, pent-up rage, odious crimes, life threatening incidents, surprises for Ryker, earth-shattering jaw-dropping toe-curling romance, and a melt your heart conclusion leaving you wanting more. The killer continues to elude Ryker and the other wolves tracking him. Another devastating crime has been committed. Ryker wants to send his mate away to protect her, but she refuses to leave his side. Ryker is beside himself lacking sleep and enforcing that no one wander the territory. To make matters worse Colt's hot-temper has him attacking Ryker. When Saja goes missing, Ryker's pent-up rage washes over him, fueling him with the power to hunt; hoping he is not too late to save his mate from the evil clutches of the psychopath killer. WOW/INCREDIBLE fast paced well written creative read by a truly gifted author. Fabulous ending to an enthralling series. The characters come alive with the fantastic dialogue, captivating plot and vivid scene descriptions. Saja's lion-hearted persona make her a phenomenal character. Though Ryker has a dangerous tough exterior he is compassionate and loyal. The romance between Saja and Ryker sizzles and is filled with undying adoration. I absolutely relished this story, it was a most exhilarating read. If you treasure shifter romance with awesome characters and a fantastic mystery this is a terrific book for your library. {I received a copy of this book for a completely honest review}. In the world of shifter romance the possibilities are endless and always fascinating. Without reservation I recommend this book and the series.

Kurzbeschreibung While their Alpha fights to survive, an elusive killer hunts among their pack, slaying humans and the wolves who mated them. The Enforcers rigid rule and terse attitude have everyone uneasy. On the hunt for madness, he may lose everything Ryker continues to hunt for the elusive murderer. The others have eliminated several suspects, but tensions in the Black Hills have never been higher. For all of his experience in hunting and dealing with the wolves, Ryker has never found himself torn between two loves before to be the killer he is, means he has to turn off the softer side Saja awoke in him. Saja's life with the wolves is nothing she would ever have imagined. Being the center of Ryker's attention is both a blessing and a curse, but her mate's gentle, indulgent nature seems to be a thing of the past. While she understands his remoteness comes from a place where caring and fear collide, she doesn't want to lose Ryker to the madness creeping through the pack. Clashes with Colt and several other dominants heighten the danger, and Ryker refuses to allow her out of his sight unless she is with Gee. When the killer sets his sights on her, will the Enforcer drive his mate away rather than lose her?
