Where Are They? Von Ingrid Stephanie Jordan 5 Stars Title: Scent of Murder Murder in Los Lobos A Black Hills Wolves Story Author: Cara Carnes Reviewer: Stephanie Jordan #Paranormal #WolfShifter #Murder WOW another award winning Black Hills Wolves book. I have read almost every one of them I believe I haven't read a bad book yet. Ms. Carnes is following this EPIC Series, written by many, many authors. As we all know Drew Taos has been the Alpha since killing his crazy father Magnum. Now approximately a year later a lot of pack members that left are coming back. His Enforcer, Ryker has his hand full now more than ever. Thane was back after he left the Pack and his girlfriend/mate two years ago. He needed to get away he was under Magnus's thumb doing his bidding, and becoming a very bad man, he was no good for anyone. Charles was all Dani had now, he helped her get over her pain, it was so bad she thought she was going to die. But she didn't, Charles her brother, was there for her and now she was going to be there for him. No matter what Thane, Ryker or Colt said she was going to find him. What if Charles is right, and they do have bad blood. I was gifted this ARC for an honest and truthful review. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Murder made it into the Tao Pack and Los Lobos Von Birgit Wahll I loved the dramatic start of the mini series in the Black Hills Wolves (BHW) multiple author series. Cara Carnes did a very awesome job with the first book of this 4 book mini series. She introduced the killer with a kaboom and as Rebecca Royce stated almost killed one of the main characters of the BHW series. This book has twists like trespassers both of the shifter and human variety, a stubborn female, a more stubborn male which is a good combination for an awesome read. We see the killer's action, got his thought (a few sequences) but he/she wasn't specified. There was a suspect but was he the murderer or an innocent. Read the book and you will find out

Kurzbeschreibung A murderer strikes Los Lobos Heartbreak and hardship have returned to the Taos pack. Even though survival is a rote course for Dani, a woman can only handle so much. Her brother's mate has been murdered and he's missing. The pack Alpha was left for dead at the scene. Oh, and her ex-lover has been tasked with finding her brother. Thane returned to make things right with the healing pack and the female he left behind. Leaving had been the only option that kept Dani safe. Now he's back and not about to let her or the pack down again. Despite the tense situation, his wolf refuses to ignore the woman determined to help find her estranged brother. One way or another, she'll be his.
