Kurzbeschreibung Theron is everything that Lily hates and fears. Hes a shifter and a scientist and a stubborn jerk to boot, and his alpha swagger and sexy body cant lessen that or not totally, at least. She reaches out to try to warn him of a violent threat and ends up embroiled in a fight-or-flight plot that might save or kill them both. Sink or swim, Lily and Theron are bound to see it through. Theron spends his life trying to get back to normal, away from his shifter self and the violent tragedy the tiger brought into his life. Lily is a distraction, a temptation he cant afford during a war that will affect many. When he and Lily are forced to take up arms together, their growing bond begins as disgust and fear and quickly blossoms into something far more worrisome Will Lily and Theron set aside their prejudices long enough to realize that they can heal each other?
