KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A very enjoyable tale!!Von Deborah MacgillivrayEmily Maitlaid is getting near that death sentence: spinsterhood - worse,

her parents have decreed she MUST marry immediately, so her younger sister can finally announce her engagement. She hates the fancified fops of the ton, so she decides to marry Major Sheridan Blake. Tall, blackheaded, as handsome as sin, fearless, dashing and head over heels in love with her, Sheridan Blake is everything every woman dreams of - and that is because he is a dream. Emily, with a little help from her aunt, has invented Sheridan Blake to make her family leave her alone. She thought it the perfect solution. Her family would stop pressuring her and her sister could finally get married. Only, things begin to spin out of control when her parents insist on holding a wedding reception to announce Sheridan and Emily's marriage. She does not enjoy lying to her family, but feels it the only solution. The turn of the Screw comes when Sheridan Blake walks into the ballroom to claim his bride!!! Emily KNOWS this man is NOT Sheridan Blake - NO ONE IS for he does not exist. Yet, if she denounces him, she must confess her charade, which will put her right back where she started with her family. She is flustered because the man is everything and more than her imaginary husband, but she is determined to play this game of cat and mouse, wear the masks of deceit to discover what purpose this impostor has for claiming to be a man who does not exist. This Sheridan obviously has his own game running and his own set of rules, with much deadly and dangerous circumstances. I loved Emily and 'Sheridan', loved the concept of the imaginary husband suddenly appearing in the flesh. Great fun!!!
