**Von Alice Clayton : Screwdrivered (The Cocktail Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Screwdrivered (The Cocktail Series):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. ....an amazingly cute and funny and romantic story! Von Bianca @BJsBB 29-year old Philadelphia native Viv (Vivian - we met her in Rusty Nailed - she's an old school friend of our darling Simon!) just inherited a beach house and a little

ranch in Mendocino, California. Her mom's estranged aunt left all her possessions to the niece she last saw 17 years ago. Now Viv needs to decide what to do? Which is pretty easy - she'll move to California!!! Yay! Because as much as she loves her family - including her FIVE older brothers - she needs a little distance from them. Her mother, who's always arranging blind dates for her. Her Dad wants her to be more involved in the family computer business. She already sacrificed her beloved art to come back home and work in the computer field. She spent her very early twenties living in Florence and Paris - happily doing her art thing - but then her Dad had a health scare and she came back home. Now here's her chance to finally do something for herself again. Maybe she can finally find her dream guy in California. She's always dreamed of being swept off her feet by a sexy pirate or cowboy or prince - she's kind of obsessed with romance novels. And what do you know? We have a sexy cowboy AND a sexy librarian to choose from in Mendocino!!! Only she doesn't really leave the best first and second and third impressions with both of them! And she sooo wants to fall in love now that she's starting her new life in California. Viv is mega busy getting the house cleaned up and renovated. Which involves Librarian Clark - he's the guy who's stopping her every renovating idea. Because he's the guy in town who has to make sure that the old historic buildings stay true to their time. But Viv really loves this adorable town. She even found a friend in Jessica on her first day - and Jessica's boyfriend John, the most important man in town: The Pizza Place Owner. Everything could be perfect - if only one of the 2 guys would be interested in her... or are they??? WHAT WILL HAPPEN TO VIV??? WHO WILL SHE CHOOSE? OR DO THEY EVEN WANT TO BE CHOSEN BY VIV? WILL THERE BE A CLIFFHANGER??? NOPE . . . I'm not telling you. Well - ok - there's no Cliffhanger! \_\_\_\_\_ I really loved SCREWDRIVERED!!! I LOOOOOVED Wallbanger and now we finally have a new heroine to laugh and cry with! Viv! She's adorable! She's this typical nice girl from a perfectly loving family, who then rebelled against her parents by going to study in France, and getting tattoos and piercings. But she still loves her family very much and they're all very close, but now she could finally 'escape' to California to maybe find her own Happily Ever After. A HEA like the ones she always reads about in her beloved Romance Novels. The book was sooo cute and funny and romantic and sexy! I loved that we got to see Simon again!!! Remember? Our beloved wallbanging guy from San Francisco? He comes to visit with his Caroline and their friends Mimi and Ryan. Were there some things I didn't like? Yeah.. unfortunately... I was expecting more sexiness... yes - Viv dreams about sexy times - Romance Novel style - but - no idea if I'm spoiling too much here - but the first kiss happens way too late in the book... way too late for us Romance Novel Junkies!!! And yeah - her dreams and daydreams - kind of like the inner goddess in Fifty Shades - I didn't like that. And when I started reading and found out that there will be two guys? Hm nope - not a fan of the love triangle thing. But luckily you realize pretty quickly who'll she end up with... BUT - all of ^^ that didn't stop me from thoroughly enjoying SCREWDRIVERED. Viv was such an amazing heroine! I loved her - I loved the one guy ;)))) and I loved the place - Mendocino - I just totally loved reading the book!!! Screwdrivered was an amazingly cute and funny and romantic story! I loved it! And you'll fall in love with Viv peep too. Can please someone make the book into a movie?? and now PLEASE HURRY Alice - I need to read Mai Tai'd Up ASAP!!!!!!!!!!!!!!!
