Von Judith Krantz : Scruples before purchasing it in order to gage whether or not it would be worth my time, and all praised Scruples:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. amusingVon Barbara L.a nice book to read, easy reading, amusing, funny, at times sentimental, a perfect book if one

doesn't look for great poetry but entertainment0 von 0 Kunden fanden die folgende Rezension hilfreich. Original Krantz, still the bestVon Ein KundeJudith Krantz is not a writer you read for intellectual stimulation or spiritual enlightenment. But she is still one of the most entertaining mass-market novelists around, especially for women. All of her books feature strong, attractive (on the inside as well as the outside) yet believable women; and the plots are the stuff of modern age fairy tales. *Scruples* is her first novel, the one that put her on the map and was a smash hit in the late '70s. The heroine, Billy Winthrop Ikehorn (two other surnames follow eventually), may be the least likeable of all her heroines, yet is the most believable perhaps because she is flawed. The plot and settings feel slightly dated, but don't really distract from the pure mindless enjoyment of a "smashing read". One of the big attractions of the Krantz novels are the well-researched and absorbing "inside details" of the settings - of the Beverly Hills retail world, the movie industry and people of a certain class in Paris in the case of *Scruples*. If you read this book and like it, you'll want to grab all her books; if you hate it, don't bother with any others. I have been buying every single one of her books since *Scruples* up to her latest, *Spring Collection*, and hope she continues. They are great for reading in bed or in a hot tub.0 von 0 Kunden fanden die folgende Rezension hilfreich. *Scruples*Von James in BerlinReading *Scruples* again for the first time in almost 30 years, was like being transported back to the heady days of the early 1980s. What a scream of a novel. This "gang of 3" - Billie, Spider and Valentine are just like old friends whom you haven't seen in ages. Yes, the world has moved on since this novel appeared, many things have changed. This novel reminds you of days when there were fewer problems and we were all living very freely.

Kurzbeschreibung*Scruples* is the novel thatcreated publishing history, the first-and widelyacknowledged to be the very best-novel ever writtenabout the staggeringly luxurious life of a BeverlyHills boutique and the people who work in it.*Scruples* was translated into twentylanguages and made Rodeo Drive famous around theworld. The New York Post saidthat "*Scruples* was born tobe a smash bestseller. . . It has more insideinformation about the worlds of high fashion andHollywood than you'd find in a dozen manuals."With *Scruples*, Judith Krantz earned her reputationas a blazingly talented and original storyteller.she takes her readers behind the scenes of wealthyand fame to show them the real people and the realemotions that exist at the core of even the mosthigh-powered lives. *Scruples* is the leader of her#1 best-sellingnovels.From the Paperback edition.PressestimmenArguably the bonkiest of the eighties bonkbusters - and the one, along with *Lace*, that everyone remembers. With good reason. Fasten your seatbelts ... *India Knight*, *Dirty Bits* - for *Girls Under* Judith Krantz's fingers, real life has a way of becoming mysterious, glammers, legendary, sequined ... *Scruples* will sell like fertiliser in the spring *Vogue*Kurzbeschreibung*Scruples* is the novel thatcreated publishing history, the first-and widelyacknowledged to be the very best-novel ever writtenabout the staggeringly luxurious life of a BeverlyHills boutique and the people who work in it.*Scruples* was translated into twentylanguages and made Rodeo Drive famous around theworld.
