**Von Richard Marcinko : Seal Force Alpha (Rogue Warrior series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Seal Force Alpha (Rogue Warrior series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Marcinko is the king of hard-hitting action.Von Ein KundeMarcinko does it again. Fun and action-packed, his books grab you by the balls and never let go. One of those authors who repeatedly gets great reviews for great books. As a

former Navy Seal, I can tell you that the things he does are indeed true and can be taken at face value. For all the folks out there who want another non-fiction book from Demo Dick, you must all quit being idiots and remember that the Navy that spent 60 million dollars trying to put him in prison are the same folks making sure he doesn't give away any dirty little secrets in his novels. So I think another non-fiction book is out of the question.0 von 0 Kunden fanden die folgende Rezension hilfreich. I've gotten too used to this series, I guess.Von Bill McClain (AlumsHubby@aol.com)Don't mistake me: I respect Weisman for his incredible talent and Marcinko for his drive, heart, and integrity. (To his detractors I can only say, "A prophet is without honor in his own time, in his own home town.") I'm from a military (mostly Navy) family and am a NavSpecWar enthusiast, so I hope I've established some bona fides here. That said, these novels are falling into a rut. The series is lucrative, and Weisman and Marcinko are (understandably) just extruding product, anymore. I'm getting a sense that John Weisman has a formula for crafting the plots of these stories:1. Fade-in to opening action sequence underway2. Marcinko finds something unexpected3. Marcinko distracted from pursuing the unexpected something by new complication and so on.All Weisman has to do is sit Demo Dick down with the list of events, decide who the bad guys will be, toss in some political criticism based on recent events, and off we go.As much fun as Marcinko has in his asides to Mr. Editor, I noticed that Dick's "luminous Timex" on page 23 of the hardcover edition turned into a "cheap allegedly waterproof East German dive watch" on page 110. Doom on your copy editor, Sharkman. :)1 von 1 Kunden fanden die folgende Rezension hilfreich. The Rogue Warrior satisfies yet again!Von Ein KundeSeal Force Alpha starts right in on the action and keeps a constant pace till the last scene. Marcinko's style, as always, entertains you and gives you the real life grit of a warrior's life. The story was very plausible, as always, and makes you wonder what we ever did without the great Rogue Warrior. A definite Spec War fan pleaser. If you are not a fan of this series yet, by the end of this Marcinko narrative you will be.

KurzbeschreibungAS A U.S. NAVY SEAL, RICHARD MARCINKO KNEW NO LIMITS -- AS THE ROGUE WARRIOR, HE OBEYS NO RULES!SpecWar master Richard Marcinko has revealed classified, kill-or-be-killed operations in a series of New York Times bestsellers: Rogue Warrior, his #1 blockbuster autobiography, and four scorching Rogue Warrior novels. Now in an electrifying new adventure, the Rogue Warrior battles an ultra-secret, ultra-lethal military plot.The Rogue Warrior's taking a flying leap -- a high-altitude jump over the South China Sea. His mission: scuttle a Chinese freighter's cargo of nuclear hardware and its crack crew of naval commandos. It's a leave-no-tracks, take-no-prisoners operation -- in short, business as usual. But on board Marcinko makes a chilling discovery: a cache of state-of-the-art command and control equipment, all made in the U.S.A. -- and primed for America's destruction! Marcinko takes his findings back to Washington, where he runs into a wall of doublespeak and double deals. But not everyone wants to see America go down the drain. General Tom Crocker, chairman of the Joint Chiefs of Staff, unleashes the SEALs of war -- Marcinko and a Pentagon-based unit, SEAL Force Alpha -- to neutralize a global maze of political deceit that begins all too close to home.The Chinese sense victory. They have a mole in the White House, and five thousand years of military strategy on their side. But neither the traitor nor all the wisdom of Sun Tzu are prepared for Marcinko and his men. They, after all, live by the Rogue Warrior's Tenth Commandment of SpecWar: "There Are No Rules -- Thou Shalt Win At All Cost."From Kirkus sThis fifth in a wildly successful series (Rogue Warrior: Designation Gold, p. 85, etc.) mixing brutal action and high-tech toys doesn't stray far from the formula. Marcinko, himself a former Navy SEAL (a career described in the nonfiction Rogue Warrior, 1992), once again celebrates the adventures of a fictive Richard Marcinko and his lethal, rowdy band of SEALs as they put paid to schemes aimed at destabilizing America. The villains here are the Red Chinese, who have, with the collusion of a variety of defeatist and depraved members of the Washington elite, hatched a bizarre scheme to greatly humble the nation. Marcinko and his team handle, with gusto, both enemies without and traitors within, using their wits, a staggering array of weapons, and an obvious appetite for violence. A slick, streamlined, outrageous but entertaining product. (Author tour) -- Copyright 1998, Kirkus Associates, LP. All rights reserved.From Library JournalNow that the Russians are off limits, who is the Rogue Warrior (hero of four best sellers) supposed to battle? The Chinese, of course.Copyright 1997 Reed Business Information, Inc.
