Read it yourself!Von Mr 504Sealed Brothers starts with a major explosion in a bar after a US Navy Seal, Austen, has just returned stateside. He is rescued by hippie millionaire Haylee who also sets out to safe his life at the

hospital, protecting him from the medical staff and then going on to help his entire family in one way or another, starting with putting up Austen's brother Ash in her guestroom. I am not going to tell you what happens then, but it's amazing, the many different facets author Tirza Schaefer comes up with to enrich her storyline. And if you think she has already fired off all her explosives in the beginning, think again! As they say, the best is yet to come! Brilliant book! Read it yourself! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sealed Brothers Von Kain Now this is a story that starts with a boom and ends with a twist! I am not going to reveal more, you need to read this yourself. Suffice it to say that initial attraction is not always that what it seems and that a friend can support you in your own growth of knowing, you deserve not only more, but you deserve the best! All of it! All this is spiked with a detailed look into an unusually complex family, two brothers who can make any woman's fantasies go into overdrive and an outcome that no one was expecting. Throughout, the female lead inspires with her humanity and greatness of character without being a push-over. An erotic narrative at its best!
