**Von Leigh Greenwood : Sean (The Cowboys) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sean (The Cowboys) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Mr. Greenwood's best book yet!Von Karen L. SyedLeigh Greenwood has outdone himself with Sean. Sean O'Ryan is a force to be reckoned with. His strong Irish character makes him the perfect hero. Even though he was orphaned as a child and turned away by his Aunt, he found good fortune when adopted by Jake and Isabell. Now as a grown man he is determined to find enough gold in the fields of Colorado to buy himself a ranch and find the perfect wife. But Pearl

Belladonna can't be that woman. She is a woman who owns a saloon and flaunts herself in front of rowdy men every night for money. Okay, so she is the most beautiful thing he's ever seen with her flaming red hair (from a bottle) and her lowcut dresses, but she's definitely not his type. But in spite of his good intentions his heart has other plans. Pearl has a heart of gold more valuable than any he can find in the fields. Throw in a too charming crooked gambler named Rock and a few gunshots and you have a story! With lies, robbery and deceit, Sean doesn't know if he can ever forgive Pearl, but his love is tested to the limits when she is arrested and he learns that her daughter has been kidnapped. Like any perfect hero he comes to the rescue and saves the day. This book is filled with passion, fun, and the purest kind of unconditional love. Sean is a must read for all Greenwood fans. 1 von 1 Kunden fanden die folgende Rezension hilfreich. A great read despite the formula. Von Ein Kunde. After reading a dozen inane romance novels, how wonderful it was to stumble across Leigh Greenwood's Cowboys series! He uses tight plots, interesting characters, balanced couples, and the atmosphere of the West seems to spark every scene. They are a delight to read -- with one caveat. Space out your reading, for apparently they all have the same general plot, even the same sex scene. After reading three at once, I was able to point to sections in the fourth book and say, "covetous neighbor introduced here," "first sex scene here," "kidnapping here," and know that the woman would say "please" during the sex, which seems to consist of the same foreplay each time. It's fine to have a formula if it works well, and Mr. Greenwood's formula certainly does! Again, I emphasize how exciting and well-written (and crafted) his books are. But just don't read them all together or you'll get a serious case of déjà vu. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Disappointing. Von Ein Kunde. Leigh Greenwood started us off with a great story in the series the Cowboys, with Jake she has created wonderful characters, with the potential of some great reading. I liked Ward, Buck, Chet, what happened to Sean? She made a buffoon out of him. Come on if your just going to mass produced books to keep on with the series stop now...The boys all have wonderful strong personalities but you would never know it with Sean. Also his closest friend Pete you'd never know from this story they were, or the strong family ties with the Maxwells and all the boys. Read the first chapter and the last two chapters and you'll have the story such as it is. Leigh Greenwood owes her readers an apology for this one.

**Kurzbeschreibung** Pearl Belladonna is twenty-nine, very beautiful, and owner of a saloon in a Colorado gold mining town. At fifteen she ran away with a river boat gambler. When he refused to marry her, she left him and started her own saloon. That put her firmly into the category of other women, a label that virtually guaranteed she wouldn't have the respectable marriage, home, and family she wanted. With herself as the main attraction, her saloon, the Silken Lady, is the most successful saloon in town. But Pearl isn't all she pretends to be. Her secret wish is to save enough money to give her daughter the decent life Pearl never had. When she finds the price of her daughter's future is betrayal of the only man she's ever really loved, she makes the only choice a mother can make. Twenty-four-year-old Sean O'Ryan's parents died when he was a baby. His only relative in America twice refused to take him because it would interfere with her stage career, and he ended up in an orphanage. When he saves Pearl's saloon from being torn apart by paid bullies, he makes it clear he wants nothing to do with her kind of woman. He thinks his infatuation with Pearl is just temporary. Pearl makes up her mind to ignore Sean until a man from her past appears. Knowing the one secret Pearl thought nobody knew, he forces her to help him cheat Sean out of his gold. Unable to refuse, Pearl sets about seducing Sean. In the process, she falls in love with him. Pearl realizes that the only man who could give her everything she wanted in life won't because she's lied one time too many. But even an angry Irishman can't turn his back on a woman in trouble. s of Sean ... "Greenwood never resorts to tired clichés or contrived plots. With characters who are unique and genuine, and writing that takes you into their lives and loves, each story is more enjoyable than the last. Don't miss anything Leigh Greenwood writes." - Kat Bragg, CompuServe Romance s "For a fast-paced story that evokes the atmosphere of the wild and woolly West, Leigh Greenwood is one of the best. This story focuses on trust, faith and the belief that love can change people for the better." - Kathe Robin, Romantic Times "The Cowboys promises to become another treasured series from the popular and prolific Leigh Greenwood. In addition to the western authenticity, the characters are unique and memorable. Sean and Pearl are as tough as their surroundings, but both hide a heart of gold. This book rivals the best this author has written so far. Sean is western romance at its finest! Leigh Greenwood continues to be a shining star of the genre!" - Kristina Wright, Literary Times "SEAN is like a vivid canvas, painted with vast landscapes, brushed with ugly shanties, then splattered with the mud and filth of a mining town. The author molds characters like a potter, then breathes life into them as tensions and conflict build. Every western lover and romance enthusiast should include Leigh Greenwood's books in their collections they are classics." - MT
