her best classic love stories + + + Von Ein Kunde Search for a new dawn is one of my favorite Delinsky books as it combines everything that a good romance story needs: fun, charm, twists and turns and some two characters who could not be more different in their nature than Rory and Eric. I could not put the book down because Rory's actions made me smile all the time, actions of a spoiled little rich girl. Story: In order to join her brother on a scientific expedition in the wilderness of the Yukon Territory Rory Matthews arrives unexpectedly at the site. She wants to prove something to herself and she wants to put her spoiled, rich-girl behaviour behind her. She came prepared for a rough challenge but no one prepared her for the power of nature she discovered in the arms of Erik Clarkson. One moment he leads her on and the very next moment he pushes her away from him. Eric perplexed her as much as he intrigued her, he infuriated her but who offered a passionate, fulfilling new beginning to her life - just what Rory was looking for, right?

Kurzbeschreibung New York Times bestselling author Barbara Delinsky touches the heart and spirit with this charming story, first published in 1982, of a young woman's search for passion and renewal. No one could have imagined naive and pampered Rory Matthews in the wilderness of the Yukon Territory least of all Rory herself. But arriving unexpectedly to join her brother on a scientific expedition was Rory's way of putting her spoiled, rich-girl ways behind her. Though she came prepared for the rough challenge of the land, she wasn't ready for the raw power of nature she discovered in the arms of Eric Clarkson. As majestic and rugged as the land around her, Eric was a man who perplexed her as much as he intrigued her . . . a man who infuriated her even as he offered a passionate, fulfilling new beginning to her life.
