Von Catherine Coulter : Season of the Sun (Viking Novels) before purchasing it in order to gage whether or not it would be worth my time, and all praised Season of the Sun (Viking Novels):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. From the

Publisher + My thoughts Von Ein Kunde My Thoughts on The Book: This was the 2nd Coulter novel I read, the first being the Lord of Hawkfell. I enjoyed it tremendously, it was a storyline full of misinterpreted and misunderstood action, hardship and happiness. The lead character of Magnus is as masculine and strong as he is gentle. I also like the fact that they simply didn't just fall in bed together and live happily ever after, nothing goes well at first and they really have to work at their relationship. Excellent! 0 von 1 Kunden fanden die folgende Rezension hilfreich. Fan of Catherine Coulter Von Ein Kunde I was hesitant in buying this book, but am now glad that I did! Both characters are strong minded and endure a lot, especially Zarabeth. Just about every woman she comes in contact with hates her for her looks and spirit. The relationship between Magnus and Zarabeth is very intense; but, before they are able to come full circle, there are a lot of hurdles they must jump. At some points, the book will keep you on edge; from being kidnapped to being accused of murder. This book had me laughing and crying.

Kurzbeschreibung A viking romance IS ALWAYS IN SEASON First published in 1991, Season of the Sun is the glorious story of a Viking man whose love for one woman is nearly destroyed by her stubborn stepfather. From Publishers Weekly There's little pleasure in watching Coulter (Earth Song) torment and degrade her heroine throughout this tale set late in the first century. Magnus is a Viking farmer-merchant who does a bit of pillaging ``from time to time." On a trip to York he spies the beautiful Zarabeth and introduces himself with a proposal of marriage. The girl decides to accept, but her stepfather, Olav the Vain, who wants her in his own bed, blackmails her into rejecting Magnus's suit. No sooner does Olav wed her himself than he is poisoned by Toki, his daughter-in-law, who wants his riches. On learning that they were left to Zarabeth, Toki pins the crime on her. Magnus arrives in time to add his damaging testimony and persuade the court to make Zarabeth his slave instead of killing her. As Magnus sees it, ``Shek had wronged him. She deserved to suffer for it, and she would." Accompanied by her young, deaf half-sister Lotti, Zarabeth sails for Norway to make a new life as Magnus's slave--the only one of the bunch to wear a slave collar--and mistress, plagued by his vicious and deceitful sister Ingunn.
