Von A.F. Henley : Second Star to the Right (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Second Star to the Right (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An Excellent Story About Wishes and DreamsVon DrawNo, this is not Peter Pan going gay but the novel seemed to be inspired by the story and in a remarkable way.Mason is a rich, good looking guy who achieved in live but lacks self-

confidence. He is a man who could live his dreams and but denies himself those opportunities. Especially when it comes to having a love life which is close to non-existing. He believes that outside his business ventures he is a social nightmare when it comes to being together with other people. Always trying to be the good guy and no risk taker leaves him feeling alone and yet craving for a good, earnest relationship. All this changes, however, when his friend Greg suggest that Mason hires a guy from an escort service for company during a planned week-long vacation. Jack is the fantastic looking guy Mason always dreamed of. A self-proclaimed Peter Pan, he is doing what he wants. And so he had chosen the life of an escort guy. Those two man, both very likeable characters, are so very different and at the same time, they are not. Mason, knowing something in his boring life has to change, makes his first step into unknown territory, willing to take a risk. And Jack? He is close to turn thirty and his days as the young, dashing and desired escort are winding down. At least that is, in my mind, his greatest fear. He build walls around him to protect him from ever having to grow up and lead a solid life. He is so terrified about this that every time, Mason reaches out to him on a personal level that steps outside the confines of their agreement, he acts like an ass toward Mason. An awesome idea by the author is to make the main stage for the play a cottage in the woods. Here is where most oft he story plays. The remoteness of that place much intensifies their time together because none of them can escape into distractions when they get more and more personal and the conflicts between them start to build up. But Jacks way of life is a trap. Because he refuses to change anything in his life, he is already there where Mason was before he decided to take a risk fort he first time. But dont get me wrong. Jack is an awesome man who immediately sees through Masons personality and wants so much to help him to change his life, to learn to voice what he wants and what his desires are and not caring what others might think. Again in his newest novel, AF Henley shows how brilliant he is with building strong and convincing and likeable characters. And this story benefits highly from his talent. To interweave the classic story of rich guy meets whore (please forgive my choice of words but it helps to form my thoughts) with the idea of never growing up is most brilliant and executed in an amazing way. What you get is not Pretty Woman and Peter Pan. It is not even close to a (cheap) combination of it. Instead you get a story that deeply impresses with deep character moments, mindblowing hot erotic moments and a book that deals with our hopes and fears. Oh, and the first meeting between Mason and Jack? It was plain hilarious (form e as reader, not for poor Mason though). I laughed so hard. But then I realized, how this fun moment is so cleverly used to define the different characters of both men and how the groundwork fort he later drama is already laid there. And that shows just how good AF Henley is at what he is doing!

Kurzbeschreibung Be it unrequited fascination with his straight best friend or impossible fantasies of rekindled interest with his heartbreaking ex, Mason has no clue why the perfect connection seems to keep slipping through his fingers. When another lonely holiday seems like too much weight to shoulder, Mason gives up on romance and seeks out the next best thing rent company. Jack is everything a person could want in an escort: willing, hot, and built like an angel. Mason can't resist. After all, who wouldn't be interested in a guy who loves kid's movies, is a self-professed Peter Pan, and has no problem throwing caution to the wind at a moment's notice. But then interest quickly blooms into a whole new emotion an emotion that Mason knows far too well, especially when Jack has no interest in returning it, preferring to keep his heart safely tucked away in Neverland.
