Excellent!Von daxie1968Lily Ivory has run from her past for quiete some time and tried to get along with the fact, that

she is not your every day witch. Now she tries to settle down in San Francisco, as she considers this city crazy enough to be a home even for her... She has recently opened a vintage cloth shop and is surprisingly successful. All she wants is a "normal" life, but as a woman gets killed, after Lily bought some clothes from her and a child disappears, Lily can't stay neutral, as she might be the only one to solve the mystery. As she also wants to hide her identity and has some serious issues to rely on the help of her new found friends, the whole task seems above her. Furthermore two really interesting men cross her path and a familiar is more or less forced on her. The book was a great read and caught me from the first page. Lily and her friends are very likeable, not to mention the very interesting male protagonists :) Really an excellent start to a promising new series and I can't wait for the new book (unfortunately it won't come out before June 2010...). If you like books that include witchcraft, hence magic and a good mystery you will not be disappointed. I also like the books the author writes together with her sister under the name "Hailey Lind" very much. They do not include witchcraft/magic, but are nevertheless a great read.

Nachdem mir die andere Serie der Autorin nicht wirklich gefallen hatte, ging ich eher zurückhaltend an diese Geschichte heran, doch findet sich hier etwas ganz Anderes. Charmed für Erwachsene, doch in geschickter Ausführung. Die Heldin bleibt zwar etwas vage und gleich 2 Männer reißen sich um sie, weshalb das ganze Setting nicht wirklich neu ist, aber es ist gut geschrieben, detailliert und ansprechend, so dass ich es sehr gerne gelesen habe. Der 2. Band mag kommen!

Ich liebe die Art wie Juliet Blackwell schreibt und die Leser in eine Welt der Hexerei, Okult und Fantasie entführt. Ich hoffe es wird noch viele Bücher geben!

Kurzbeschreibung
Love the vintage- not the ghosts
Lily Ivory feels that she can finally fit in somewhere and conceal her "witchiness" in San Francisco. It's there that she opens her vintage clothing shop, outfitting customers both spiritually and stylistically. Just when things seem normal, a client is murdered and children start disappearing from the Bay Area. Lily has a good idea that some bad phantoms are behind it. Can she keep her identity secret, or will her witchy ways be forced out of the closet as she attempts to stop the phantom?
