Von Julie Miller : Secret Agent Heiress (Mills Boon Vintage Intrigue) before purchasing it in order to gage whether or not it would be worth my time, and all praised Secret Agent Heiress (Mills Boon Vintage Intrigue):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Great reading!Von Detra FitchWhitney MacNair's family had always been deep into politics. And when a tabloid spread a

scandal about her, just as election time neared, her father sent her to Lonesome Pony Ranch in Montana. Daniel Austin ran the ranch and all that went on in the area. So Whitney would be safe ... and out of the papers until after the polls were closed. The Lonesome Pony was not just a normal ranch though. It was also a cover for Montana Confidential, a government organization placed there to deal with The Black Order. Dimitri Chilton was the leader of The Black Order. The terrorist group had been annoying for a couple of years now. Montana confidential planned to end it once and for all. Then Chilton kidnapped Whitney. Washington sent the best to her rescue from their National Security Agency. Agent Vincent Romeo was to get Whitney back alive. It was nothing he had not done several times before. But Whitney was not the defenseless, spoiled rotten, heiress people believed. Vincent had met his match!**** It was refreshing to see an heiress who had some grit in her. I had gotten very tired of fainting debutantes in need of a big, strong man. Especially those from old money or in high politics. The author, Julie Miller, gave the characters in this book cunning and class. Each character had their own background and personal traits. Great reading!

KurzbeschreibungBy day these agents are cowboys; by night they are specialized government operatives. Men bound by love, loyalty and the lawthey've vowed to keep their missions and identities confidential.THE MISSION: BABY-SIT AN HEIRESSRescue a spoiled heiress who'd gotten herself kidnapped? Agent Vincent Romeo did it single-handed. But instead of the society cream puff Vincent expected, this female seemed to think she was the agent in charge! Whitney MacNair was pure trouble on a shapely set of legswith a charm as lethal as a loaded gun aimed straight at Vincent's jaded heart. Whitney had felt alone for so longnow a protector as fierce as the Montana mountains refused to leave her side. Falling for the quiet agent was more dangerous than going after the men stalking her, but heartache meant nothing when each kiss might be their last.KurzbeschreibungBy day these agents are cowboys; by night they are specialized government operatives.
