Dorm Mates Von WOLI received a free copy of this story in exchange for an honest review I got a new story from Canis named 'Secret Dorm Mates' and it was fun to read it. The story around Kevin and Diego was surprising in some parts but never the less addicting you to the both and their story to be told. Hard Decision for Kevin how his life will be going on from the point he can't ignore the call to Diego and never the less knowing he can't turn away what makes him whole in one piece. And that means being with Diego even that he has to give up other to do so. But Canis let a bit space at the end and I hope he fills it soon with the next steps that Kevin and Diego did till they meet Kevin's parents again after a while. Read it and step again in the world of shifter that let you not be able to step out of it till the last letter is read. Thank you Canis for a new great story.

Kurzbeschreibung New beginnings Split up with his high school girlfriend, Kevin faces his first year at the co-species Draconis University with a heart closed to the idea of new romance. At the urging of his roommate, Kevin goes to his first shifter party and meets Diego, a charming and magnetic dragon alpha who ignites some rather unusual feelings within him. Forbidden desires Kevin finds himself uncontrollably drawn to Diego, violating everything he thought he knew about himself. He can't be sure if Diego even feels the same way about him but despite his resistance, Kevin continues to spiral down the rabbit hole of forbidden desire for the sexy dragon alpha. Difficult choices... The strict conservative rules of the traditional Draconis University prohibits alpha omega relationships, and Kevin's parents would never understand if they learned their son had feelings for a male shifter. Can Kevin sacrifice it all for Diego, or will he be forced to walk away from the fiery passion they share? Secret Dorm Mates is an M/M new adult shifter story with first time gay romance, no cliffhangers and a delightful HEA. BONUS BOOK INCLUDED: This book also contains Canis Blackfang's werewolf hit, OMEGA Captured as a bonus freebie!
