The Wait is Over!Von Melanie SchusterMillennium, schmillennium, Secret Love is the big reason to ring in 2000! All of you long-time Brenda Jackson fans know exactly what I mean--this is the one we have been waiting for, the whole story behind the romance and marriage of Diamond Swain, sought after Hollywood goddess, and Jake Madaris, the wealthy cattle-ranching member of the estimable Madaris family.If you are among the few who have never read any of

Ms Jackson's scintillating romances, you are in for a treat. Ms Jackson writes wonderfully--her books are full of humor, romance, suspense and a strong love of family. Her characters are memorable and endearing and since her stories are interconnected, you get to visit a bit with favorites from past novels. In Jake and Diamond's case, we have been wondering over the course of several books just how this couple got together and why their love was so secret. And believe me, it was worth the wait! Sexy, sweet, passionate and exciting, this book is one that you will read in one sitting. I have to confess that Jacob is my favorite of the Madaris men, although they are all so wonderful it's like saying I like blue MM's better than the rest...I love all those men and the fabulous women they wed. And you will too, if you don't already. Don't keep Secret Love a secret--read it and get the word out that 2000 is off to a sizzling start! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another sexy Madaris man! Von Dera R Williamsthe Madaris clan endures in this heartwarming, sensual tale of love and lust on the Whispering Pines Ranch in Texas. Jake Madaris is the uncle of Justine, Dex, and Clayton who are close in age to this rugged, Stetson wearing hunk. The secret marriage of Jake and beautiful actress Diamond Swain has been alluded to in "Eternally Yours" (Clayton Madaris's story) and "One Special Moment" (Sterling Hamilton's story) and "one Special Moment" (Sterling Hamilton's story). For eighteen months Jake has kept this secret from his family and the world to ensure his and Diamond's privacy. Fear of harassment from the media and fans have kept them meeting at the ranch and other points for rendezvous as secret lovers. Now the strain has become too much when a deranged fan pursues Diamond and they decide to go public. The Madaris clan is ecstatic about the marriage, but apparently there is one person who is not happy about it at all. Jake knows he can no longer ignore the threats to him and enlists the help of Alex Maxwell, a securities expert. Under his efficient, ingenious maneuvering, the FBI is able to zero in on the culprit. But Diamond's guilt is so overwhelming she reconsiders her marriage to Jake. The love making scenes in this story will set you on fire just reading the words and images of Jake's 6'7" physique gives you a picture of Dr. "J" Julius Irving wearing a Stetson and boots. Whew! Besides assembling all the players of the Madaris clan and close friends there is promise of more romances brewing. I am betting on Alex Maxwell to become more intimately involved with the Madarises. This is a must read for Brenda Jackson fans. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another Hit Von S. Jones I normally do not post reviews when so many other persons have expressed my opinion. However, in this case I am compelled to make an exception. Brenda Jackson amazes me. Once again she has managed to write another Madaris story, with compelling characters, a unique story line, totally in keeping with the other novels in the series, spine tingling romance and just enough tension (romantic and otherwise) to keep your interest in the story, but not so much that it detracts from the love story. All her books reflect this wonderful style. In this story we see an embittered middle-aged man (but no less glorious for it - after all he is a Madaris) who has decided, after one devastating experience, that love is not for him, choosing instead to live vicariously through his brothers and nephews. A Hollywood starlet, who epitomizes all he has grown to despise in women, comes and rocks his world. The depth of love displayed by Jake and Diamond is carefully developed and is obvious in every thought, action and deed. Makes you believe in real love. Another wonderful, poignant love story from Ms. Jackson. I wait with baited breath for Nick Chenault's story.
