Eine etwas andere Art von FantasyVon ChoeyDie Geschichte beginnt wie eine ganz normale Geschichte unserer Zeit. Zwei Jungs, Zwillinge im Alter von 17 Jahren bekommen von ihrem Vater am 18 Geburtstag offenbart, dass es mehr gibt als nur diese Welt. Bei den "seufzenden Bergen" sollten sie eine Aufgabe fr's Leben erhalten, die sie formen und prgen wrde. Damit beginnt eine abenteuerliche Reise.Dieses ebook auf englisch zu lesen war eine reine Freude. Es ist spannend geschrieben und man kann sich gut in die beiden Hauptprotagonisten Sierra und Diego hinein denken. Auch finde ich, es ist mal nicht das Klischeethema "Rettet die Fantasywelt - weil Orks, Elfen, Zwerge und allerlei anderes Volk leider Krieg fhren mssen und ihre Welt zerstreuen". Ich bin immer begeistert von neuen Ideen. Dieses Buch ist eine neue Idee. Ich kann sie wrmstens weiterempfehlen. Ich warte gespannt auf den zweiten Band!0 von 0 Kunden fanden die folgende Rezension hilfreich. Really good story, funny to readVon Tina VidekissI enjoyed reading "Secret of the Sighing Mountains" - the first part of the Quest series - very much. The story was easy to read and written with a lot of humor. I couldn't stop until the end. I loved the main characters, the two brothers Sierra and Diego. The author described them and their adventures very well and so authentically, that I sometimes had to remind myself that they weren't real.Although the fantasy story was exciting, I enjoyed the quarrels and fights between the two brothers the most. It was hilarious to read about the teenage boys who didn't miss a chance to play tricks on each other. Very funny and getting better with every page.I really recommend this story and look forward to the second book!
