Alex has to get info on an evil shifter, but will he get the mad man's daughter to help after she learns the truth about Alex?.,Von Dina BushrodThis story brings us to the search for the evil shape shifter, Adrian, who has not only murdered some of the Moonbound shifters but has done horrendous evil to their shape shifter women. They goal is to find him, find a

way to enter his compound, save those he has essentially enslaved and eliminate him forever. To do this they send in one of their own, Alex, undercover to find the information they need from Julianna, Adrian's daughter. Getting in was easy, as she has hired him to be her sexual companion for the weekend. Now, now, she's not really that kind of girl, you'll have to read about why she does this. Things don't go quite as Alex's goal was planned. He's strongly attracted to her, to the point where he believes she might be his mate. Wellll, talk about problems, he has them big times. Before he can confess what he's doing with her and that he thinks they are meant for each other, his cohorts break in. Well all hell breaks loose; will she ever believe him now? Can she be convinced of her fathers evil deeds. I've said more than enough, so you'll have to read the book to see all that takes place prior, during and after Alex first lays eyes on Julianna. If you enjoy reading paranormal romance with action and thrills this book, as well as the rest of the series, is a must read.0 von 0 Kunden fanden die folgende Rezension hilfreich. Know thine enemy intimately Von Jean Smith Discovering the island hidey hole of a madman has come down to staking out his daughter. What better way to do that than to seduce her with a weekend rendezvous? An easy task, or so Alex thought until he felt the magic of meeting his mate. Now hell put everything at risk to protect the woman meant to be his. Juliana would like nothing better than to get away from her fathers clutches, but he has her securely under his thumb. She has no clue what her fathers game is, but she knows he plays deep and deadly. Now she has the chance at freedom and love if shes willing to take it with his enemies. The hunt for a madman draws closer. One more wolf is seduced by love. Ms. Shannan and Ms. Rhys have a winning series in the Moonbound.\*\*\*\*\*Reviewed for Xtreme Delusions\*\*\*\*\*

Kurzbeschreibung She's an enigma. Controlling and driven by day. Sensual and submissive by night. And his plan is simple... Seduce her into submission. In order to find the crack in an enemy's business, Alejandro Sureda and his pack must find a weakness on the inside. And their rival's beautiful daughter, Juliana, is their greatest shot. But when Alex starts to feel a connection for her, he has a decision to make: protect her from the truth or reveal her father for who he truly is. COMPLETED SERIES! While each book in the Moonbound series is a complete and satisfying romance arc, there is a larger suspense arc that is revealed in pieces and not fully resolved until the end of the final book. We highly recommend reading the books in order, and starting with Book #1, The Werewolf Cowboy. Kurzbeschreibung She's an enigma. Controlling and driven by day. Sensual and submissive by night.
