A Quick Nice ReadVon Lily M.I downloaded "Seducing The Doctor" by Jana Mercy when it was offered for free.A nice sweet story about two doctors Ashlyn, a plastic surgeon, and Reed ,a successful pediatrician, attracted to one another and both having separate personal "issues"...An easy read, I enjoyed it.

Kurzbeschreibung Dr. Ashlyn Richards learned the hard way that looks matter. Sure, everyone likes to think that its whats on the inside that counts most, but how is a person supposed to convey what a great person they are on the inside when their outside just isnt up to the worlds standards? Ridiculed and outcast as a child, Ashlyn has dedicated her life to helping people by becoming a highly skilled plastic surgeon who thrives in the Hollywood Nip Tuck social set. Pediatrician Reed Algood had a dream life until a car accident cost him his fiancée, their unborn child, and his looks. Hed been told his facial scar could be surgically corrected, but Reed couldnt care less about his outer appearance. If he couldnt be accepted for who he was on the inside, then so be it. No surgery could restore what hed lost. When Reeds little sister plays interference, wanting her big brother to let go of the past, she schedules him an appointment at Eye of the Beholder, Inc. Opposites attract and Ashlyn and Reed are no exception. Ashlyn is stunned by how Reed affects her. She wants to reduce his scar, restore his life back to normal. Reed knows better than to get involved with a woman who only sees skin deep, but he cant put Ashlyn out of his mind. When one of Reeds small patients needs Ashlyns skills pro bono, they go to extraordinary lengths to help the young girl. Ashlyn falls for Reed, but quickly realizes that the scar on his face is nothing compared to the emotional wounds in his heart. Can she heal old hurts or do the scars that mar him run too deep? Find out in SEDUCING THE DOCTOR, a full length sensual contemporary romance. Whether she's sailing the Caribbean with Johnny Depp, dancing the night away with Brad Pitt, or stripping off Gerard Butler's clothes with her teeth, award-winning best-selling author JANA MERCY lives life to the fullest. Okay, so in her over-active imagination Jana lives life to the fullest. In reality she's a dreamer who never gave up on her life-long fantasy of writing romance. Dreams do come true, so keep reading romance and let your dreams soar.
